MESSAGE

SMU’s Economics PhD is a small and highly selective programme delivered by a team of professors who are internationally recognised as leaders in economics research, and who are dedicated to teaching and training the next generation of economics researchers, thinkers, teachers, and policy makers. The programme provides the rigorous training you need to push the boundaries of economics research and offers structured interaction with SMU research faculty who will guide you to the frontiers of their fields.

The programme also includes interaction with many of the top researchers in economics through our extensive seminar and visitor programmes, and the frequent international scientific conferences organised by us.

Find out how SMU’s PhD in Economics enables you to push yourself further.

Anthony Tay
Associate Professor of Economics
Programme Director, PhD (Econ.)

Bryce Hool
Professor of Economics
Dean, School of Economics

Wang Xiaohu,
PhD in Economics,
Singapore Management University, 2012
Bias in Estimating Multivariate and Univariate Diffusions,
