

## **Industrial Innovation Policymaking in Asia**

### **Agenda**

<b>Time</b>	<b>Session</b>
13:00 – 13:20	<b>Welcome &amp; Introduction</b>  <i>This session will briefly introduce the aims of the session and set the emerging international context including insights from recent Babbage meetings held in China, Europe and the US.</i>
13:20 – 14:20	<b>Session 1 – Supply Chains &amp; Global Markets</b>  <b>Roundtable discussion - participants invited to offer contributions from their national perspectives</b>  Many nations are seeking to restructure supply chains and relationships with key markets. Participants are invited to explore challenges and opportunities in this context including: <ul style="list-style-type: none"> <li>• <i>How have supply chains been reconfigured and what are the future trends?</i></li> <li>• <i>How are policymakers addressing supply chains that can't be reconfigured?</i></li> <li>• <i>How are you being impacted by policies in traditional markets, how can this be addressed?</i></li> <li>• <i>Which new markets are key and what are the implications for policymakers?</i></li> </ul>
14:20 – 14:40	<b>Break</b>
14:40 – 15:40	<b>Session 2 – Industrial Capabilities &amp; Technology</b>  <b>Roundtable discussion - participants invited to offer contributions from their national perspectives</b>  Industrial and technological capabilities are central to industrial innovation strategies and policies. Participants are invited to explore how such capabilities are assessed and developed, including: <ul style="list-style-type: none"> <li>• <i>Which capabilities are being prioritised and how are effective selections made?</i></li> <li>• <i>How is regionality being factored into industrial innovation policymaking?</i></li> <li>• <i>What efforts are being made to balance innovation and industrial collaboration in an increasingly complex geopolitical landscape?</i></li> </ul>
15:40 – 16:00	<b>Break</b>
16:00 – 17:00	<b>Session 3 – Technology Adoption &amp; Scale up</b>  <b>Roundtable discussion - participants invited to offer contributions from their national perspectives</b>  Technology adoption and industrial scale-up are essential if countries are to capture economic benefits from their capabilities and opportunities. Participants are invited to explore the challenges, practices and opportunities presented including: <ul style="list-style-type: none"> <li>• <i>What are examples of successful or unsuccessful technology adoption and diffusion?</i></li> <li>• <i>What policy interventions, general and sector specific, best promote technology adoption?</i></li> <li>• <i>What are the key barriers to scale-up in your nation?</i></li> <li>• <i>What policies, established and planned, effectively facilitate scale-up?</i></li> </ul>
17:00 – 17:30	<b>Closing Plenary – Key insights and exemplars</b>  <i>A review of key insights and exemplars and identification of challenges and opportunities for policymakers.</i>
17:30 – 18:00	<b>Break</b>
18.00 – 20.00	<b>Dinner &amp; Networking</b>
