

# Curriculum Vitae

## Francis Bloch

### Personal details.....

Born, May 31, 1964 in Neuilly-sur-Seine  
Married, two children (Cyrille and Tiphaine)

French citizen

Contact :  
48 Boulevard Jourdan  
75014 Paris  
France

[francis.bloch@univ-paris1.fr](mailto:francis.bloch@univ-paris1.fr)

Phone : +33 (0)6 87 39 83 37

### .....Education

#### **Habilitation à diriger des recherches, 1996**

(habilitation, post- Ph D degree in France), University of Cergy-Pontoise, France.  
Advisor: Robert Gary-Bobo

#### **Ph.D. in Economics, University of Pennsylvania, 1991**

*Three Essays on Cooperation and Cooperation Structures*  
Advisor : Beth Allen

#### **D.E.A. d'Economie Mathématique, 1986**

(M.A. in Mathematical Economics), University of Paris-X, Nanterre, France

#### **Diplôme HEC, 1985**

(B.A. in Business Administration), HEC, France.

### Employment.....

**Professor of Economics, University Paris 1 Panthéon Sorbonne (since September 2013)**

**Associate Chair at the Paris School of Economics (since September 2016)**

**Former Senior Member of the Institut Universitaire de France (2015-2020)**

Professor of Economics, Ecole Polytechnique (2008-2013)

Professor of Economics , University of Aix-Marseille II (2000-2008)

Part-time Professor of Economics, Warwick University (2005-2008)

Associate Professor of Economics, Université catholique de Louvain (1997-2000)

Associate Professor of Economics, HEC Business School, France (1994-1998)

Assistant Professor of Economics, Brown University (1991-1994)

## 1. Published articles

1. Selecting a winner with external referees (with B. Dutta and M. Dziubinski), *Journal of Economic Theory*, forthcoming.
2. Targeting in social networks with anonymized information (with S. Shabayek), *Games and Economic Behavior*, forthcoming.
3. Centrality in networks (with M. O. Jackson and P. Tebaldi), *Social Choice and Welfare*, forthcoming.
4. Attack and interception in networks (with K. Chatterjee and B. Dutta), *Theoretical Economics*, forthcoming.
5. Hiding and herding in market entry (with S. Fabrizi and S. Lippert), *Journal of Economic Theory*, **206** (2022).
6. Friend-based ranking (with M. Olckers), *American Economic Journal: Microeconomics*, **14** (2022), 176-214.
7. Myopic and farsighted stable sets in 2-player strategic form games (with A. van den Nouweland), *Games and Economic Behavior* **130** (2021), 663-683.
8. Friend-based ranking in practice (with M. Olckers), *American Economic Review: Papers and Proceedings* **111** (2021), 567-571.
9. Profit-splitting rules and the taxation of multinational digital platforms (with G. Demange), *International Tax and Public Finance* **28** (2021), 855-889.
10. A game of hide and seek in networks (with B. Dutta and M. Dziubinski), *Journal of Economic Theory* **190** (2020), 105-119.
11. Matching through institutions (with D. Cantala and D. Gibaja), *Games and Economic Behavior* **121** (2020), 204-231.
12. Farsighted stability with heterogeneous expectations (with A. van den Nouweland), *Games and Economic Behavior* **121** (2020), 32-54.
13. Efficient formation of partnerships in social networks (with B. Dutta and M. Manea), *Theoretical Economics* **14** (2019), 779-811.
14. Rumors and social networks (with G. Demange et R. Kranton), *International Economic Review* **59** (2018), 421-448.
15. Taxation and privacy protection on internet platforms (with G. Demange), *Journal of Public Economic Theory* **20** (2018), 52-66.
16. Jeux coopératifs avec externalités (in French), *Revue d'Economie Politique* **127** (2017), 559-578.
17. Second best mechanisms in queuing problems without transfers: the role of random priorities, *Mathematical Social Sciences* **90** (2017), 73-79. Special issue in honor of Herve Moulin
18. Strategic by-pass deterrence (with A. Gautier), *Journal of Regulatory Economics* **52** (2017), 189-210.
19. Dynamic assignment of objects to queueing agents (with D. Cantala), *American Economic Journal: Microeconomics* **9** (2017), 88-122.
20. Oates' decentralization theorem with imperfect household mobility (with U. Zenginobuz), *International Tax and Public Finance* **22** (2015), 353-375.
21. Learning and collusion in new markets with uncertain entry costs (with S. Fabrizi and S. Lippert), *Economic Theory*, **58** (2015), 273-303.
22. Expectation formation rules and the core of partition function games (with A. van den Nouweland), *Games and Economic Behavior* **88** (2014), 538-553.
23. Pricing in networks (with N. Quérrou), *Games and Economic Behavior* **80** (2013), 243-261
24. Markovian assignment rules (with D. Cantala), *Social Choice and Welfare* **40** (2013), 1-25.

25. Optimal assignment of durable objects to successive agents (with N. Houy), *Economic Theory* **51** (2012), 13-33.
26. Noncooperative formation of coalitions in hedonic games (with E. Diamantoudi), *International Journal of Game Theory* **40** (2011), 263-280.
27. Social networks, employment and insurance, *CESifo Economic Studies* **57** (2011), 183-202.
28. Cores of combined games (with G. DeClippel), *Journal of Economic Theory* **145** (2010), 2424-2434
29. Correlated equilibria, incomplete information and coalitional deviations (with B. Dutta), *Games and Economic Behavior* **66** (2009), 721-728
30. Communication networks with endogenous link strength (with B. Dutta), *Games and Economic Behavior* **66** (2009), 39-56.
31. Comparative statics in strategic market games (with R. Amir), *Games and Economic Behavior* **65** (2009), 7-24.
32. Informal insurance in social networks (with G. Genicot and D. Ray), *Journal of Economic Theory* **143** (2008), 36-58.
33. Sustainable collusion on separate markets (with P. Belleflamme), *Economics Letters* **99** (2008), 384-386.
34. Access pricing and entry in the postal sector (with A. Gautier), *Review of Network Economics* **7** (2008), 207-230.
35. The effect of spillovers on the provision of local public goods (with U. Zenginobuz), *Review of Economic Design* **11** (2007), 199-216.
36. Reciprocity in groups and the limits to social capital (with G. Genicot and D. Ray), *American Economic Review Papers and Proceedings* **97** (2007), 65-69
37. The formation of networks with transfers among players (with M. Jackson), *Journal of Economic Theory* **133** (2007), 83-110.
38. Equilibrium definitions in network formation games (with M. Jackson), *International Journal of Game Theory* **34** (2006), 305-318.
39. Tiebout equilibria in local public good economies with spillovers (with U. Zenginobuz), *Journal of Public Economics*. **90** (2006), 1745-1763.
40. Contracting with externalities and outside options (with A. Gomes), *Journal of Economic Theory* **127** (2006), 172-201.
41. When does universal peace prevail? Secession and group formation in conflict (with S. Sanchez Pages and R. Soubeyran), *Economics of Governance* **7** (2006), 3-29.
42. Wedding celebrations as conspicuous consumption: Signaling social status in rural India (with V. Rao and S. Desai), *Journal of Human Resources* **39** (2004), 675-695.
43. Market sharing agreements and collusive networks (with P. Belleflamme), *International Economic Review* **45** (2004), 387-411.
44. Agenda control in coalition formation (with S. Rottier), *Social Choice and Welfare*, **19** (2002), 769-788.
45. Terror as a bargaining instrument: A case study of dowry violence in rural India (with V. Rao), *American Economic Review*, **92** (2002), 1029-1043.
46. Networks and coalitions in Industrial Organization, *Manchester Studies*, **70** (2002), 36-55.
47. Trade fragmentation and coordination in strategic market games (with H. Ferrer), *Journal of Economic Theory*, **101** (2001), 301-316.
48. Price and quantity experimentation: A synthesis (with P. Belleflamme), *International Journal of Industrial Organization*, **19** (2001), 1563-1582.
49. Statistical discrimination and social assimilation (with V. Rao), *Economics Bulletin*, **10** (2001), 1-5.
50. Strategic complements and substitutes in bilateral oligopolies (with H. Ferrer) , *Economics Letters*, **70** (2001), 83-87.
51. Buyers and sellers' cartels on markets with indivisible goods (with S. Ghosal), *Review of Economic Design* **5** (2000), 129-148.

52. Two-sided search, marriages and matchmakers (with H. Ryder), *International Economic Review* **41** (2000), 93-114.
53. Corporate tax competition, tariffs and multinational firms (with E. Lefebvre), *Economics Letters* **65** (1999), 221-225.
54. Persuasive advertising in Hotelling's model of product differentiation (with D. Manceau), *International Journal of Industrial Organization* **17** (1999), 557-574.
55. Stable trading structures in bilateral oligopolies (with S. Ghosal), *Journal of Economic Theory* **74** (1997), 368-384.
56. Optimal disclosure delay in multistage R & D competition (with P. Markowitz), *International Journal of Industrial Organization*, **14** (1996), 159-179.
57. Sequential formation of coalitions in games with externalities and fixed payoff division, *Games and Economic Behavior*, **14** (1996), 90-123.
58. Endogenous Structures of Association in Oligopolies, *The RAND Journal of Economics*, **26** (1995), 537-556.
59. Nondictatorial social welfare functions with different discrimination structures, *Theory and Decision*, **34** (1993), 161-176.

## 2. Book chapters

1. Coalitions and networks in oligopolies, *Handbook of Game Theory and Industrial Organization* (L. Corchon, M. Marini eds.), E. Elgar, 2018.
2. Targeting and pricing in social networks *The Oxford Handbook of the Economics of Networks*, Cambridge University Press (Y. Bramoullé, A. Galeotti and B. Rogers eds.), Oxford University Press, 2016.
3. Endogenous formation of alliances in contests *The Oxford Handbook of the Economics of Peace and Conflict* (M. Garfinkel and S. Skaperdas eds.), Oxford University Press, 2012.
4. Strategic models of coalition and network formation (with B. Dutta) in *Handbook of Social Economics* (J. Benhabib, A. Bisin and M. O. Jackson, eds.), North Holland, 2010.
5. Access, bypass and productivity gains in competitive postal markets (with A. Gautier) in *Competition and Regulation in the Postal and Delivery Sectors* (M. Crew and P. Kelindorfer, eds.). Routledge, 2009.
6. Business networks. In *The New Palgrave Dictionary of Economics*, 2<sup>nd</sup> Edition (L. Blume and S. Durlauf, eds.), Palgrave Mac Millan, 2008.
7. Group and network formation in *Industrial Organization : A survey*. In *Group formation in economics: Networks, clubs and coalitions*. (G. Demange and M. Wooders, eds.), Cambridge University Press, 2005.
8. Coalition and network formation. In *Cognitive economics* (P. Bourguine and J. P. Nadal, eds.), Springer, 2004.
9. Noncooperative models of coalition formation in games with spillovers. In *The endogenous formation of economic coalitions* (C. Carraro, ed.), Edward Elgar, 2003.
10. Noncooperative models of coalition formation in games with spillovers. In *New Directions in the Economic Theory of the Environment* (C. Carraro and D. Siniscalco eds.), Cambridge University Press, 1997.

## 3. Unpublished articles

1. The Chair Allocation problem (with D. cantala and D. Gibaja Romero), 2022.
2. Cover-ups (with R. Kranton), 2019.
3. An experimental study of partnership formation in social networks (with B. Dutta, S. Robin and M. Zhou), 2017.

4. Dynamic protection of innovations through patents and trade secrets (with P. Belleflamme), 2014
5. Messengers, gatekeepers and speakers: The power of intermediaries in contracting (with G. Genicot), 2007.
6. Multiple shareholders and control contests (with U. Hege), 2002

#### 4. Work in progress

1. Espionage and patent races (with S. Fabrizi and S. Lippert)
2. Task allocation in networks (with L. Hartmann, L. Merlino and D. Persitz)
3. Bundling in simple games (with K. Chatterjee)
4. Bargaining with experts (with J. J. Herings)

#### .....Teaching Experience

My teaching experience is quite diversified, as I have been teaching economics in three different countries (the US, Belgium and France), and to different audiences (economics students, MBA and engineering students). I have also taught courses in the United Kingdom (Warwick University) and in Ph.D. programs at the University of Cergy and ENS Cachan.

#### Undergraduate Economics :

- Economics of Uncertainty and Information (Paris 1) (2019-)
- Mathematics for Economists (Paris 1) (2020-)
- Introductory Microeconomics (Paris 1), (2013-2019)
- Intermediate Microeconomics (Brown, HEC) (1991-1998)
- Industrial Organization (Brown, HEC, Louvain, Aix-Marseille) (1991- 2007)
- Game Theory (Brown, HEC, Louvain, Aix-Marseille) (1991- 2007)
- Development Economics (Warwick, Polytechnique) (2006, 2012-2013)

#### Graduate Economics :

- Advanced Microeconomics (Paris 1, PSE) (2017-)
- Development Theory (Paris 1) (2020-)
- Industrial Organization (ENS Cachan, Cergy-Pontoise, Louvain, Paris 1, PSE) (1994-2000, 2013)
- Industrial Organization and Regulation (PSE)(2018-)
- Game Theory (Brown, Aix-Marseille) (1991-1993 and 2000- 2007)
- Mechanism Design (Aix-Marseille) (2001-2006)
- Behavioral Economics and Finance (Polytechnique) (2008-2013)
- Microeconomics for Public Policy (Polytechnique) (2008-2013)
- Economics of Information (Paris 1) (2014-2015)

#### Ph.D. Topics Courses :

- Social Networks (Paris 1 and PSE) (2014-2016, 2017-)
- Coalitions and networks (Louvain, 2000) and (Paris School of Economics, 2008)
- Games and psychology (Aix-Marseille, 2004)
- Models of network formation (Aix-Marseille, 2005)

#### Economics for Non-specialists

- Microeconomics for MBA students (HEC, Louvain) (1994-2000)
- Microeconomics for engineering students (Aix-Marseille) (2000- present)
- Macroeconomics for engineering students (Aix-Marseille) (2000-2003)
- Managerial Economics for engineering students (Aix-Marseille) (2000- present)

**Advising.....**

So far, I have supervised 15 Ph.D. Students who completed their theses:

1. Paul MARKOWITZ (Brown University, 1993) private sector
2. Stéphane ROTTIER (Université catholique de Louvain, 2000), (co-advisor : Henri SNEESSENS) Belgium National Bank.
3. Axel GAUTIER (Université catholique de Louvain, 2001), Université de Liège (Belgium)
4. Dimitri PAOLINI (Université catholique de Louvain, 2002), University of Sassari(Italy).
5. Bernardo BORTOLOTTI (Université catholique de Louvain, 2003), University of Turin.
6. Raphaël SOUBEYRAN (Université d'Aix-Marseille II, 2005), INRA Montpellier
7. Sana ELOUAER (Université d'Aix-Marseille II, 2007), University of Sousse (Tunisia)
8. Renaud BOURLES (Université d'Aix-Marseille II, 2008), (co-advisor : Dominique HENRIET), Ecole Centrale de Marseille.
9. Jean-Marc KILOLO (Ecole Polytechnique, 2014), United Nations, economist
10. Guilhem LECOUTEUX (Ecole Polytechnique, 2015), Université de Nice
11. Robert SOMOGYI (Ecole Polytechnique, 2016), Budapest University of Technology and Economics
12. Etienne CHAMAYOU (Ecole Polytechnique 2017), data analyst at Carrefour
13. Matthew OLCKERS (Paris 1, 2019), (co-advisor: Margherita Comola), post-doc at University of New South Wales (Sydney, Australia)
14. Shaden SHABAYEK (Paris 1, 2021), post-doc at Sciences Po (Paris).
15. Giulio IACOBELLI (Paris 1, 2021), economist at the United Nations office in Tunisia.

I am currently advising 3 doctoral students

- 16.. Amit DEKEL, essays on social networks and econometrics (with M. Comola)
17. Laure GOURSAT essays on bounded rationality and matching (with P. Jehiel)
18. Ivan CONJEAUD essays on algorithmic collusion

**.....Administrative Experience**

**Elected Member of the National Council of French universities (CNU) (2011-2019)**

**Vice-President of the Economics Section of CNU (2015-2019)**

Member of the AEQES evaluation team of French speaking Belgian universities (2013-2014) and of the evaluation committee of the Belgian National Fund for Scientific Research (FNRS) (2012-2015), President of the evaluation committee of FNRS for economics and law (from January 2016 to December 2018), member of the SHS01 Panel for ERC Advanced Grants (2019), member of the selection panel for senior Institut Universitaire de France grants (2019), member of the panel for the Portuguese FCT for social sciences (2019), the Polish NCN panel in economics (2020), President of the evaluation committee for economics and management of the Agence Nationale de la Recherche (2021-2022).

**Chairman of the Department of Economics of Ecole Polytechnique (2009-2012)**

**Director of GREQAM (Research Center in Economics at Aix-Marseille) (2004-2007)**

Member, National Committee for Scientific Research (CNRS) (2004-2008)

Member, Scientific Committee, French National Research Funding Agency (ANR) (2005-2007) and (2008-2009) and (2019-)

In charge of outgoing students for the International program at Ecole d'Economie de la Sorbonne (2021-) and of the licence 3 HEC Paris 1 (2022-)

Director of Graduate Studies, GREQAM, Aix-Marseille (2002-2004)

Director of Graduate Studies, Université catholique de Louvain (1998-2000)

Local Organizer, World Congress of the Game Theory Society (Marseille, 2004)

Seminar Organizer, Departmental seminar GREQAM, Aix-Marseille (2000-2002), Fourgeaud seminar in economic theory, Paris (1996-1997), Economics and finance seminar, HEC (1995-1997), Roy seminar in economic theory (1997,

Program Committee Member, Econometric Society European Meeting (1997, 2003, 2009, 2010, 2011, 2018, area coordinator 2019), Public Economic Theory Society Meeting (2003, 2005, 2010, 2011,2012, 2013, 2015, 2016, 2017, 2018, 2019), Economics Association for Research in Industrial Economics (2011,2012, 2014, 2015, 2016, 2017, 2018), Social Choice and Welfare Society Meeting (2012), Society for Economic Design Meeting (2006), Society for Advancement of Economic Theory Meeting (2011, 2013, 2014, 2015), EC conference (2013, 2017, 2022)

**Editorial Experience.....**

**Associate Editor**

*Games and Economic Behavior* (2008-)

*Economics Letters* (2012-)

*Theoretical Economics* (2021- )

*Journal of Public Economic Theory* (2006-),

*Annales d'Economie et Statistiques* (2010-)

*Dynamic Games and Applications* (2023-)

**Former Associate Editor**

*Econometrica* (2014-2020)

*Mathematical Social Sciences* (2004-2015),

*International Game Theory Review* (2005-2011),

*Economics Bulletin* (2002-2009),

*Recherches Economiques de Louvain – Louvain Economic Review* (1998-2008)

*Theory and Decision* (1996-2007)

Referee for *American Economic Review*, *Review of Economic Studies*, *Econometrica*, *Quarterly Journal of Economics*, *Journal of Political Economy*, *Journal of Economic Theory*, *Rand Journal of Economics*, *Internationale Economic Review*, *Games and Economic Behavior*, *Journal of Industrial Economics*, *Journal of Development Economics*, *Journal of Public Economics*, *Economic Journal*, *Economic Theory*

Referee for the *National Science Foundation*, the *Social Science Research Council* (Canada), the Spanish Ministry for Research and Technology .

.....**Honors**

Member of the Council of the Game Theory Society (2011-2018)

Fellow of the Game Theory Society (since 2018)

Fellow of the Society for Advancement of Economic Theory (since 2019)

**Fellowships and Research grants.....**

**ANR MaRINe (2019-2022), in charge of the PSE team**

**ANR Blanc (French Funding Agency) DynaMITE Dynamic Matching and Interactions: Theory and Experiments (2014-2018), PI**

Scientific project on Value creation and taxation in the digital economy for the French Government' s Strategic Office (France Strategie) (2016-2017), PI

Scientific project on "Taxation in a digital economy" for the French Government's Prospective Office ( Commissariat Général de la Stratégie et de la Prospective) (2014-2015), PI

ANR « Competition among Nation States » (2008-2010), PI

Bosphorus program of bilateral cooperation France-Turkey for a project on local public goods with spillovers (2005-2006)

EEC Human Capital Mobility Fellowship (1993-1994)

Sloan Foundation Doctoral Dissertation Fellowship (1990-1991)

Lionel Robbins and Cyril Leung Memorial Prizes in the graduate program in economics at the University of Pennsylvania (1986 and 1987)

.....**International Contacts**

**Invitations :**

University of Auckland (July 2018, January 2020, May 2023)

Simons Institute for the Theory of Computing, Berkeley (September 2019)

European Commission, TAXUD (February 2019)

University of Sevilla (December 2018)

University of Melbourne (May 2017)

Concordia University (Canada) (May 2014, April 2015)

University of Oregon, Eugene, OR (April 2013, July 2015, January 2017, November 2018)

Massey University, NZ (March 2013)

University of Otago, NZ (February 2012)

University of Queensland, Brisbane, Australie (August 2010)

Massey University, Auckland, NZ (March 2009)  
Brown University, Providence USA (July 1997, July 1998, **September 2007-July 2008**)  
Warwick University, UK (January-February 2006, February-March 2007, February-March 2008, October 2009, May 2011, May 2014, November 2021)  
CORE, Belgium (September 1993-July 1994 and regularly since then)  
Universitat Autònoma de Barcelona, Spain (July 1993, February 1997, July 2003)  
Indian Statistical Institute, New Delhi, India (January 1996)  
Bogazici University, Istanbul Turkey (November 1998, November 2022, April 2019, February 2022)

Associate researcher at CORE since 2010.

**Associate member of the Centre Interuniversitaire de Recherche en Economie Quantitative (CIREQ) in Montréal since 2006.**

**International conferences.....**

**Invited talks :**

Gerzensee Economic Theory meeting (2023)  
Conference in honor of Boniface Mbih (Caen 2023)  
Workshop on social networks (Marseille 2023)  
Workshop in honor of George Mailath (Philadelphia 2023)  
Workshop on social networks (Abu Dhabi 2023)  
Conference on social networks (Les Treilles 2022)  
Workshop on cooperative games (Besançon 2022)  
SING 15 in Padova (virtual) *keynote speaker*  
Workshop in honor of Rajiv Vohra (Brown 2022)  
Workshop in honor of Arunava Sen (Delhi 2019)  
Workshop on social networks and misinformation (Fribourg 2019)  
Workshop on algorithms and mechanism design (St Petersburg 2019)  
Conference Adansonia (Milan 2019)  
Digital economics conference (Toulouse 2019)  
Conference on coalitions (Penn State 2018)  
Conference on taxation in the digital economy (Bergen 2018)  
Workshop on social networks (Canterbury 2018 planned)  
Econometric Society Australasia Meeting (Auckland 2018) *plenary speaker*  
Workshop on social networks (Melbourne 2018)  
ThREAD workshop (Milan 2018)  
Conference in honor of Federico Valenciano (Bilbao 2018)  
BiNoMa workshop on networks (Norwich, 2016, Bilbao 2018, Pamplona 2022, Sevilla 2023)  
Murat Sertel Workshop (Paris 2016, Moscow, 2017)  
Workshop on Game Theory (Leipzig 2017)  
Conference in honor of Victor Domansky (Saint Petersburg, 2016)  
Conference on postal economics (Toulouse, 2016) *keynote speaker*  
Symposium on economic design, Brussels (2015)  
Conference in honor of Hervé Moulin (2015)  
Alghero Workshop in Economic Theory (2015)  
Gerzensee Economic Theory Meeting (2015)  
Jerusalem Conference in honor of Sergiu Hart (2015)  
Conference on information transmission in networks (2015)  
Symposium on economic design (Brussels, 2014)

Workshop on matching (Berlin, 2014)  
Zurich workshop in economics (Zurich, 2014) *keynote speaker*  
7<sup>th</sup> Searle Conference on Innovation and Entrepreneurship (Chicago, 2014)  
Conference in honor of the 70 years of Games and Economic Behavior (Amsterdam, 2014)  
CIREQ workshop on coalitions and networks (Montreal, 2014), *keynote speaker*  
CTN Brussels (2014) *keynote speaker*  
PET 2013 (Lisbonne, 2013) *keynote speaker*  
Summer school on matching, Budapest (2013)  
Workshop on economic design and institutions, Malaga (2013)  
Cambridge conference on networks (2012)  
Symposium on economic design, Brussels (2012)  
Matching workshop, Barcelona (2012)  
Workshop on matching and estimation, Paris (2012)  
Games 2012 Istanbul (2012) *semi-plenary speaker*  
SING 5 in Budapest (2012) *keynote speaker*  
Gerzensee Economic Theory Meeting (2012)  
Workshop on dynamic models in IO, Paris (2012)  
Networks and development, Baton Rouge (2012) *keynote speaker*  
Symposium on economic design, Brussels (2011)  
Workshop on Alliances and Conflicts, Munich (2011)  
APED Workshop on political economy and development, Bangkok (2011)  
Bargaining, Networks Conference in honor of Hans Haller, Baton Rouge (2011)
